2025 OhioHealth NEUROSCIENCE —SYMPOSIUM—

We want to welcome you to join the brightest minds in neuroscience at the 2025 OhioHealth Neuroscience Symposium. Attendees will be able to choose from focus areas covering the management of addiction medicine, behavioral health, cerebrovascular disorders, general neurology, headache, epilepsy, movement disorders, multiple sclerosis, neuromuscular disorders, cognitive neurology, brain injury, spinal cord injury, neurologic rehabilitation, and neuroscience wellness. The purpose of this educational event is to expand knowledge related to the management of various neurologic conditions. This conference is designated for physicians, advanced practice providers, nurses and ancillary care providers who assess or treat neurological patients.

After completion of this activity, participants will be able to:

1. Expand and apply enhanced educational knowledge related to the management of various neurologic conditions (addiction medicine, behavioral health, brain injury, cognitive neurology, cerebrovascular disorders, dysautonomia, general neurology, headache, epilepsy, movement disorders, multiple sclerosis, neuro critical care, neuromuscular disorders, and spinal cord injury).
2. Review case examples and studies to guide the treatment of neurologic patients at various stages along the care continuum.
