**Lunch**

**12:30 – 2:30 p.m.**

**Neuroimaging in Alzheimer's Disease and Related Dementias (lecture, case studies)**

Eric Yeh, MD

Shandon Hatch, MD

**Adjourn**

## **Objectives: After participating in this activity, the attendee should be more confident in the ability to:**

1. Discuss the definitions, classifications and underlying pathophysiology of various dementias.
2. Assess and evaluate these conditions.
3. Discuss medication use, recognize comorbidities and complications, and respond to changing medical needs.
4. Interpret and utilize findings from neuropsychological and neuroimaging evaluations.
5. Appropriately utilize various system resources for assistance with the care of persons with dementia (PWD).

## **Disclosure**

As an accredited continuing medical education (CME) provider, OhioHealth must insure balance, independence, objectivity, and scientific rigor in all educational activities we sponsor. Faculty and planners participating in sponsored activities must disclose any significant financial interests or other relationships. Any potential conflicts of interest will be resolved and revealed in the course syllabus.

## **Accreditation Statement**

OhioHealth is accredited by the Ohio State Medical Association to provide continuing medical education for physicians. OhioHealth designates this live activity for a maximum of 6.0 AMA PRA Category 1 credit(s)™.
