Case Studies

Panel and Q & A

Adjourn

Objectives: After participating in this activity, the attendee should be more confident in the ability to:

1. Discuss definitions, classifications and underlying pathophysiology of Alzheimer's disease and related dementias.
2. Evaluate Alzheimer's disease and related dementias with the appropriate assessment techniques.
3. Manage medications for patients with these disorders.
4. Recognize comorbidities and complications for patients with these disorders and address changing medical needs.
5. Discuss the indications for neuropsychological testing and when to refer for evaluation.

Disclosure

As an accredited continuing medical education (CME) provider, OhioHealth must insure balance, independence, objectivity, and scientific rigor in all educational activities we sponsor. Faculty and planners participating in sponsored activities must disclose any significant financial interests or other relationships. Any potential conflicts of interest will be resolved and revealed in the course syllabus.

Accreditation Statement

OhioHealth is accredited by the Ohio State Medical Association to provide continuing medical education for physicians. OhioHealth designates this live activity for a maximum of 6.5 AMA PRA Category 1 credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in this activity.
