# The 5th Annual OhioHealth Advanced Practice Provider Conference

## Conference Description:

**Objectives:** After participating in this course, the attendee should be more confident in their ability to:

1. Recognize the causes, pathophysiology and possible long term complications of sports concussions.
2. Discuss the clinical aspects of sports concussion management, and when athletes may safely return back to play, school, and work.
3. Assess patients to determine general competency and medical decision making capacity.
4. Describe the health consequences of human trafficking, order appropriate screening, interventions and referrals.
5. Recall information regarding recent updates in heart failure guidelines and novel technologies for refractory patients.
6. Understand the differences between sex assigned at birth, gender identity, gender expression and sexual orientation.
7. Recognize masculinizing and feminizing hormone therapy regimens for transgender patients.
8. Apply OAPA & OAAPN rules and regulation updates to their practice.
9. Demonstrate understanding of when and how to perform incision & drainage procedure.
10. Identify strategies to manage interactions and reduce stress when dealing with difficult people in the healthcare arena.
11. Identify & diagnosis patients dealing with anxiety/depression and develop a treatment plan.
12. Develop an approach for evaluation of patients with elevated LFTs and identify common etiologies.
13. Explain definition of social determinants of health and understand how this affects health outcomes.
