

OhioHealth Continuing Medical Education Presents:

—3RD ANNUAL— KISUMU NEUROSURGERY SYMPOSIUM 2023

Saturday, February 25

ACACIA PREMIER HOTEL | Kisumu, Kenya

Overview

The one-day Kisumu Neurosurgery Symposium 2023 is intended to bring together neurosurgeons from all over the world to discuss the current guidelines and future of neurosurgical care. We intend to investigate solutions to challenges of practicing neurosurgery in various parts of the world and will also discuss difficult cases. The goal is that each attendee will expand their neuroscience knowledge base, become more familiar with current management guidelines in neurosurgery, have a forum to discuss difficult cases and be able to provide better quality care upon return to their practices.

Target Audience

Anesthesiology, Anesthesiology Critical Care Medicine, Brain Injury Medicine, Critical Care Medicine, Hospice and Palliative Medicine, Neurocritical Care, Neurology, Neuroradiology, Neurosurgery, Orthopedic Surgery, Orthopedic Spine Surgery, Pain Medicine, Pathology, Pediatric Surgery.

Objectives: After participating in this activity, the physician should be more confident in their ability to:

1. Explain the challenges and solutions to providing quality neurosurgical care in developing countries.
2. Identify current management guidelines of traumatic brain and spine injury.
3. Discuss the barriers to neurosurgical training in Africa.
4. Recognize the various surgical and nonsurgical treatment options for numerous spine disorders.
5. Discuss surgical management options and issues related to brain tumor and neurovascular surgery.
