2023 OhioHealth **NEUROSCIENCE** —SYMPOSIUM—

This event is supported by the All Life Foundation in honor of the Dempsey Family.

Conference Description

We welcome you to join the brightest minds in neuroscience at the 2023 OhioHealth Neuroscience Symposium. The goal of this educational event is to expand knowledge related to the management of various neurological conditions. Attendees will be able to select from focus areas covering the management of addiction medicine, behavioral health, cerebrovascular disorders, general neurology, headache, epilepsy, movement disorders, multiple sclerosis, neuromuscular disorders, neurological rehabilitation, and neuroscience wellness. This conference is designated for physicians, advanced practice providers, nurses and ancillary care providers who assess or treat neurological patients.

Primary Learning Objectives

After completion of this activity, participants will be able to:

1. Expand and apply enhanced educational knowledge related to the management of various neurological conditions (addiction medicine, behavioral health, cerebrovascular disorders, general neurology, headache, epilepsy, movement disorders, multiple sclerosis, neuromuscular disorders, neurological rehabilitation, and neuroscience wellness.)
2. Review case examples and studies to guide the treatment of neurological patients at various stages along the care continuum.
