Retreat Description and Objectives

OhioHealth is dedicated to professional development and growth opportunities across the system. As our organization grows, it is important to provide continual standardized educational opportunities to all of our associates in the Quality Division. The Quarterly Retreat is designed to teach and inform associates about the latest updates and changes surrounding an HRO, regulatory topics, applications in Vizient, giving and receiving feedback and system prioritization (FY24 Scorecard, "True North" Standards, Future Quality Strategy).

Overall Retreat Objectives:

- ❖ Provide standardized professional development across all OhioHealth campuses with informative topics that align with organizational goals.
- ❖ Discuss why OhioHealth is moving towards an HRO and how that impacts your role in Quality.
- ❖ Demonstrate how to run a Vizient report and understand the information it provides.
- ❖ Apply effective ways to give and receive feedback in your workspace.
- ❖ Recognize the recent changes and updates in regulatory standards.

Disclosure

As an accredited CME provider, OhioHealth must ensure balance, independence, objectivity, and scientific rigor in all sponsored activities. Faculty and planners participating in sponsored activities must disclose all financial relationships with any ineligible company or commercial interest. All conflicts of interest are reviewed for relevancy and mitigated prior to the activity and disclosed to the learners before the activity begins.
