OhioHealth Medical Education Building 1 (MEB1), OMT Lab, Second Floor | Dublin, Ohio 43016

*Cost is Free and worth 2.00 CME credits.*

### Course Description and Objectives

This Osteopathic Manipulative Treatment refresher course is designed to assist Osteopathic faculty and community physicians in refreshing their skills in OMT techniques. This two-hour course will involve demonstrations and practice of OMT techniques on partners. The skills and knowledge gained will assist attendees in enhancing their ability to teach and assess Osteopathic medical learners (including students and residents) while on rotations.

**After participating in this activity, participants will be able to:**

1. Identify the main points regarding an overview of the new Pathways to Health and Wellness Curriculum for Heritage College of Medicine for osteopathic medical students, years three and four.
2. Perform osteopathic screen/scan with Zink exam and Stile's exam after a demonstration and explanation of both approaches
3. Perform osteopathic techniques that are applicable for hospital and ambulatory setting for common patient presentations
4. Discuss the challenges of precepting students who want to perform osteopathic manipulation in a clinical setting
