

Understanding the Medical and Psychiatric Complications of THC Use

Presented By Todd Jamrose, D.O.
Medical Director, Behavioral Health
Marion General Hospital

August 29th 7:00am – 8:00am

Marion General Hospital East Conference Room or Join Virtually Per Directions Below

THC use is seen in more patients today and providers are trying to adequately treat these patients. This activity will arm providers with information on how best to care for patients with Cannabis Use Disorder so that these patients have the best outcome possible and provide a safe environment for all.

OBJECTIVE: At the conclusion of the activity participants will be able to:

1. Recognize the difference in Cannabis products and their classifications.
2. Discuss the clinical pharmacology of cannabinoids.
3. Manage psychosis in THC use and understand which types are a higher risk.
4. Utilize methods for managing agitation in patients who are high on THC.
5. Recognize cyclic vomiting and how to manage it.
6. Utilize medications that can help with cravings and withdrawal symptoms of cannabis (medication assisted therapies).

How to Join:

1. Join the meeting by scanning or clicking the QR Code:
2. Call in by Phone:
 - a. 614-721-1425
 - b. 785 267 383#
3. Join via Teams:
 - a. Meeting ID: 220 868 682 166
 - b. Passcode: 3TY4AW

Accreditation

OhioHealth is accredited by the Ohio State Medical Association (OSMA) to provide continuing medical education to physicians.

OhioHealth designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
