

Instructions: Start at the ACCME website (www.accme.org) to find answers to the CME Scavenger Hunt. You may need to detour to the AMA website, your own website and files, or elsewhere to answer the questions. You may screen shot answers on your phone/tablet or print and bring them with you. Prizes will be awarded for success!!

Challenge #1: How is the American Medical Association (AMA) intertwined with the process of providing CME credit?

Challenge #2: Find the ACCME Accreditation Criteria and describe the 3 main areas they involve.

Challenge #3: Find an example of a planning document that also serves to improve faculty development as you plan an activity.

Challenge #4: Find an example of CME outcomes that demonstrate a change in the learners' competence.

Challenge #5: Locate the flowchart that can help you identify and resolve relevant conflicts of interest (COI).

Challenge #6: Find an ACCME policy that should be considered to ensure compliance with content validity.

Challenge #7: List 3 common SCS compliance issues and provide an example for each.
